Re: Appeal and Waiver Request Funding #2769039

To whom it may concern:

This letter is to appeal the determination of the service start date and funding commitment adjustment indicated in the form 486 Applicant number 1167639 (attached). We kindly would like to appeal once again USAC 's decision and solicit a Waiver considering the extenuating circumstances through which the organization went through during the period concerned in this controversy. Please find attached all related documents to our original application and our first appeal.

The two persons in charge of managing the E-rate process and submitting all paperwork along with many other important duties acted in detriment of the organization, its mission and future plans. Due to all damage and losses caused to the organization Mr. Alejo Galletti and Mr. Edward Alvarado have being released from the organization. Nevertheless the organization still holds its position for its mission and future progress. Please find attached the letters of release of the two employees that caused the situation at hand.

The E-rate process is now under my new supervision as well as the entire Department.

We recur once again due to this extenuating circumstance cause by personnel no longer working with us, and would like to appeal and be reconsidered to have the filled deadline waived, given another opportunity and to reconsider the service start date of 04/12/16 be reestablished to the date that services really began on 11/1/2015, we also request that the funding commitment be adjusted from \$21,045.05 to \$48,616.67 in order to fulfill the expenses related to Internet Services Provider for the period included.
